#### FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council.

Gentlemen—The Board of Public Works, to whom was referred the petition of Barbara Stoeckel, remonstrance against the building of a lateral sewer in the alley between McDougall, Collins, Alexandrine avenues and Superior street, respectfully report that while the petitioner represents 12 lots on which it is not proposed to build, there are others who have built, and others contemplate building, who will require drainage for sanitary purposes; and to await the action of courts in determining pending questions of law would not only retard the progress of public improvements, but cause much inconvenience to those who are progressive. The Board therefore recommend that the prayer of the petitioner be denied.

Respectfully submitted,

President.

Submitting their report for the month of September, 1888.

Accepted and referred to the Committee on Ways and Means.

*COMMUNICATION.*

A. G. Kronberg, City Clerk, Detroit, Mich.

Dear Sir—In response to the request of the Common Council I have made a personal examination of the Scotten avenue crossing of the Lake Shore & Michigan Southern and Grand Trunk Railway Companies. By the appearance of the street I should judge the travel there was not large. The view of the Grand Trunk track is obstructed; the view of the Lake Shore track is obstructed some of the time by cars standing on the side track, also by an old building used as an oil house. With the building removed and the siding kept clear of cars for 150 feet on the east side of the crossing, I am of the opinion that it would be safe to postpone the erection of gates there until the travel increases considerably or the erection of buildings obstructs the view. The superintendent of the Lake Shore writes me that he has issued orders that no car be left within 150 feet of the crossing.

Yours respectfully,

JOHN T. RICH,

Commissioner of Railroads.

Accepted and placed on file.

*FROM THE CLERK.*

That he presented the proceedings of the last session of the Council held on the 25th of September to his honor the Mayor for approval on the 28th, and that they were approved on the second day of October, 1888.

That the Mayor has approved an ordinance to amend an ordinance prescribing the duties of Inspectors of Elections.

## FROM THE CITY ATTORNEY.

To the Honorable the Common Council.  
Gentlemen—Alexander M. Campan and others have handed in a deed conveying certain lands to the city for alley purposes. I recommend that the matter be referred to a committee for examination.

Respectfully,

WM. S. SHEERAN,  
City Attorney.

Accepted and referred to the Committee on Street Openings.

## FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council.  
Gentlemen—The Board of Public Works respectfully inform your honorable body that the chimney on the southwest side of the City Hall is too low, and with a west wind the smoke, instead of being carried off, is blown back into the chimney and from thence into the Court Rooms. To remedy this evil the chimney should be raised so that the smoke may clear the tower of the City Hall, and to that end the Board recommend that authority be given to advertise five days for proposals for making the necessary change to said chimney.

It is estimated that it will cost to place

this chimney in serviceable condition about \$700.

Respectfully submitted,  
W. H. LANGLEY,  
President.

By Ald. Guiney.

Resolved, That the Board of Public Works be and are hereby directed to advertise five days for proposals for reconstructing a portion of the chimney of the southwest corner of the City Hall.

Respectfully report that on the 10th day of July, 1888, the Board of Public Works communicated with your honorable body with a view of preparing storage vaults under the sidewalks in front of the City Hall preparatory to placing new boilers in the basement thereof, which communication and resolution were laid on the table, where they still remain. On the 24th day of July Ald. Guiney offered a resolution directing the board to advertise for proposals for placing four boilers in said basement. The specifications prepared by the board for this purpose not being satisfactory to the Committee on Public Buildings new plans and specifications were ordered by said committee, which caused a delay in advertising until August 23, when proposals were advertised for and transmitted to your honorable body September 4 and the contract confirmed September 11.

It will be seen by the foregoing that due diligence was exercised in furthering the matter, but owing to adverse circumstances delay ensued.

Respectfully submitted,

President.

Accepted and referred to the Committee on Public Buildings.

Very truly,  
JOHN W. McGRATH,  
City Counselor.

Accepted and placed on file,

FROM THE SAME.

Submitting the following communication: To the Honorable the Common Council.

Gentlemen—The undersigned, one of the complainants in the suit of William N. Dixon, et al., against the city of Detroit, et al., would respectfully represent that I have paid the assessment against me for paving Myrtle street, and I am anxious that the aforesaid suit against the city be discontinued, and I relieved from all responsibility in the matter.

I therefore ask your honorable body to permit the bill in said matter to be dismissed as to me, without costs.

Yours respectfully,

LEOPOLD NOTE.

Accepted and placed on file.

FROM THE BOARD OF EDUCATION.

A. G. Kronberg, Esq., City Clerk: Dear Sir:—Please present the following resolution at the next meeting of the Common Council:

By Inspector Brewster:  
Whereas, in the opinion of this Board, the "brick pond" in the immediate vicinity of the Newberry school, and the stagnant water in Twenty-ninth street, menace the health of the teachers and scholars of that school.

Resolved. That this Board hereby urgently requests the Common Council to take such steps as, in their opinion, shall most speedily abate these nuisances; and also hereby requests the Common Council to procure sewer facilities for said school as soon as practicable.

That a copy of this resolution be transmitted to the Common Council.

On motion, adopted as follows:  
Yeas—Inspectors Brewster, Fowler, Haloran, Leteker, Flynn, Todenbier, Walker, Whittaker and the President—9.

FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council.

Gentlemen—As directed by the Common

Council the Board of Public Works executed and herewith transmit for approval and confirmation contract with John Wagner for constructing a lateral sewer in the alley between Jefferson and Townsend avenues and Baldwin and Agnes avenues.

Respectfully submitted,

W. H. LANGLEY,  
President.

By Ald. Martz.

Resolved, That the contract executed by the Board of Public Works with John Wagner for constructing a lateral sewer in the alley between Jefferson avenue and Townsend street and Baldwin and Agnes avenues, be and the same is hereby approved and confirmed.

Accepted and referred to the Committee on Sewers.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—The Board of Public Works, to whom was referred the petition

Of Fred R. Killian and others, asking for the removal of all obstructions on Twenty-fourth street, from Baker street to the railroad.

Respectfully report that from the statement of the City Engineer, hereto attached, the survey in dedicating the street was somewhat irregular, a portion of the same being 60 feet wide, while another portion is but 50 feet wide. As there seems to be a doubt as to the correct line of the street the board recommended that the whole matter be referred to the Committee on Street Openings and the City Attorney.

Respectfully submitted,

W. H. LANGLEY,  
President.

The following is the statement of the City Engineer:

To the Honorable Board of Public Works.

Gentlemen—In compliance with your instructions stakes have been placed on Twenty-fourth street, between Baker street and the Michigan Central railroad preparatory to removing fences and other obstructions.

The street was staked to conform to Scotten and Lovett's subdivision, between Twenty-fourth and Twenty-fifth street, north of Dix avenue, which is the oldest recorded subdivision in this locality.

The street is recorded 60 feet wide from Baker street to the railroad, with the exception of outlet 37, occupied by Robinson Bros' lumber yard, where it is but 50 feet wide.

According to the line which has been run a portion of the fence and one building projects one foot beyond the line of a 50-foot street.

The fences on the west side of the street, north of Dix avenue, project from 3 to 5 feet into the street, and on the east side north of Randall street about one foot.

Very respectfully,

H. D. LUDDEN,  
City Engineer.

The communication was received and the recommendation was concurred in.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—The Board of Public Works, to whom was referred the following petitions, to wit:

Of Leo Leonard and others, asking for a lateral sewer in alley in block bounded by Champlain, Concord and Bellevue avenues.

Respectfully recommend, on sanitary

grounds, that the prayer of the several petitioners be granted.

It is estimated that the sewers will cost about eighty cents per lineal foot for constructing the same.

Respectfully submitted,

W. H. LANGLEY,  
President.

#### TAXES.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of J. Elisha Winder, to be relieved from an assessment, respectfully report that it appears that the petitioner held a second mortgage on a certain piece of property, which was already mortgaged for \$3000, about all it was worth, to other parties. The second mortgage being recorded was assessed, but on July 17, 1888, it was discharged and a deed given in its place, the property, however, being still liable for the first mortgage. When the petitioner appeared to pay his taxes on the property, which was assessed at \$4500, he was told that the tax would not be received unless he paid the tax on the second mortgage of \$3100, which was assessed against him as personal property; so he paid it, and now asks for relief on the ground that the assessment on the mortgage was erroneous. This view we can not admit, as the mortgage was of record, nor can we recommend any other course than to deny the prayer of the petitioner; while we must acknowledge that an apparent injustice is done him.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Leave being granted the following resolution was offered:

By Ald. Fairbairn.

Resolved, That the Controller be and he is hereby authorized and directed to draw his warrant on the proper fund in favor of J. Elisha Winder for \$40.61 on presentation and delivery of the receipt showing that he

has paid the tax on an assessment on \$3100 personal property for the year 1888.

The whole matter was laid on the table.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Sophia J. Knight for relief from an erroneous assessment on a certain mortgage, respectfully report that it appears that the petitioner is a poor widow, and when she explained her condition to the assessors in 1887 they dropped her assessment on this same mortgage from the rolls. By some mistake, we think, it was put back on the assessment rolls for 1888. We recommend that her prayer be granted and herewith submit the proper resolution.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and on leave the following was offered:

By Ald. Finney.

Resolved, That the City Controller be and he is hereby authorized and directed to draw his warrant on the proper fund in favor of Sophia J. Knight for \$9.21, upon presentation and delivery of the receipt showing that she has paid the assessment on a mortgage of \$700 for the year 1888; and further

Resolved, That the assessors be and they are hereby directed to mark the assessment against Sophia J. Knight "exempt," and not to place it again on the assessment rolls until directed to do so by the Common Council.

Adopted as follows:

Yeas—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Holihan, Jacob, Karrer, Kellogg, Lally, Lauder, McGuire, McIntyre, Martz, Meier, Peterkin, Pfeifer, Reichenbach, Reschke, Reyes, Smith, Tierney, Trombly, Uthes and the President—29.

Nays—None.

#### STREET OPENINGS.

To the Honorable the Common Council.

Gentlemen—Your Committee on Street Openings, to whom was referred the matter of the deed of A. M. Campan and others of land for alley purposes, respectfully report that they have examined the same and find that the purpose is to extend the alley now open on the Joseph Campan farm, between Woodbridge and Franklin streets, easterly across the McDougall farm to McDougall avenue; that the acceptance of the deed would make the alley of a uniform width of 20 feet except for a distance of 60 feet from McDougall avenue, and for that distance the alley will be 10 feet wide. Your committee recommend that the deed be accepted and the controller directed to record the same.

Respectfully,

FERDINAND AMOS,  
JAMES HARTNESS, JR.

By Ald. Amos.

Resolved, That the deed of A. M. Campan and others of land between Franklin and Woodbridge streets on the McDougall farm be and the same is hereby accepted and the Controller directed to record the same; and further,

Resolved, That the Controller notify the City Engineer of the date and place of such record.

Adopted as follows:

Yeas—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Holihan, Jacob, Karrer, Kellogg, Lally, Lauder, McGuire, McIntyre, Martz, Meier, Peterkin, Pfeifer, Reichenbach, Reschke, Reyes, Smith, Tierney, Trombly, Uthes and the President—30.

Nays—None.

## FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Street Openings, to whom was referred the petition of Mrs. Margaret Gould for the refunding of an assessment for opening Kirby street, respectfully report that upon investigation we find that petitioner had taken from her for the use of the street a strip of land 16.80 feet wide and 96 feet deep, for which the jury allowed her nothing. She was also assessed \$44.75 for the opening of the same street. This assessment she paid under protest to avoid a tax title upon her land, but refuses to sign a deed of the land taken for the street unless the tax is refunded. Under the circumstances we recommend that the assessment be refunded upon her deed of the land described as necessary to be taken for the opening of the street, and submit herewith the proper resolution.

Respectfully,

FERDINAND AMOS,

JAMES HARTNESS, JR.,

Committee on Street Openings.

By Ald. Amos.

Resolved, That the City Controller be and is hereby directed to draw his warrant upon the proper fund in favor of Mrs. Gould for the sum of \$44.75, being an erroneous assessment upon the northerly 138.70 feet of the southerly 193.70 feet of the west 96 feet of the Crane farm, on the southeast corner of Kirby street and Fourth avenue, upon the execution of proper papers by her, deeding the portion of her land necessary to be taken for the opening of Kirby street.

Adopted as follows:

Yeas—Ald. Amos, Bleser, Bart, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Holihan, Jacob, Karrar, Kellogg, Lally, Lander, McGuire, McIntyre, Martz, Meier, Peterkin, Pfeiffer, Reichenbach, Reschke, Reves, Smith, Tierney, Trombly, Uthes and the President—30.

Nays—None.

## BRIDGES.

To the Honorable the Common Council.

Gentlemen—Your Committee on Bridges, to whom was referred the plans of Supt. Kallman for changing the island approach of the Belle Isle bridge, respectfully report that we have carefully considered the matter, and earnestly recommend that the proposed alterations be adopted and ordered. We are informed by the Superintendent that the additional expense will not exceed thirty-four thousand dollars, and we request that the matter be referred to the Committee on Ways and Means with instructions to report at the next meeting of the council if it is possible to provide for this expenditure.

Respectfully submitted,

JAMES HOLIHAN,

LOU BURT,

JOHN P. MARTZ,

FRANK N. REVES,

J. HAYES,

Accepted and referred to Committee on Ways and Means.

## COMMITTEE ON ORDINANCES.

To the Honorable the Common Council.

Gentlemen—Your Committee on Ordinances, to whom was referred the ordinance granting the Detroit City Railway an extension of the Trumbull avenue line, respectfully report that they have examined the same and recommend that the ordinance be adopted, with the change that the line be built within 60 days instead of 8 months.

Respectfully,

D. C. KELLOGG,

J. E. LALLY,

J. HAYES.

AN ORDINANCE supplementary to an ordinance entitled, "An ordinance to permit certain persons to establish and locate

street railways in the City of Detroit, approved November 24, 1882, and supplementary to amendments and supplements thereto, authorizing the extension of railway tracks in Trumbull avenue.

It is hereby ordained by the people of the City of Detroit:

SECTION 1. Subject to all the provisions and requirements of chapter 98 of an ordinance entitled "An ordinance to permit certain persons to establish and locate street railways in the City of Detroit, approved November 24, 1882, and of supplements and amendments thereto, the Detroit City Railway is hereby authorized and permitted to extend, lay, construct, use, and operate a single street railway track in Trumbull avenue from the southerly line of Warren avenue, connecting with the present track of said railway, northerly through Trumbull avenue to the southerly line of the Lake Shore & Michigan Southern Railway crossing, with suitable switches, turnouts and turn tables.

SECTION 2. The said Detroit City Railway shall have said track completed and the same in full operation within 60 days from the date of the passage of this ordinance.

SECTION 3. It is hereby reserved to the Common Council of the City of Detroit the right to make such further rules, orders or regulations as may from time to time be deemed by the Common Council necessary to protect the interest, safety, welfare or accommodation of the city and public in relation to said railway.

SECTION 4. This ordinance shall take immediate effect when said Detroit City Railway shall have filed with the City Clerk a written acceptance of the same and shall execute and deliver a good and sufficient bond to the city of Detroit in the sum of \$10,000 to be approved by the Common Council and conditioned for the faithful performance of the terms of this ordinance, provided that such written acceptance and bond shall be filed within ten days of the approval of this ordinance by the Mayor.

The ordinance was read twice by title and referred to the Special Purchase Ordinance Committee and ordered printed.

## MINORITY REPORT.

To the Honorable the Common Council.

Gentlemen—Your committee to whom was referred the ordinance for the extension of the Trumbull Avenue street railway line, would respectfully report that they have given the matter thorough consideration and beg leave to submit herewith the following:

In the case before us there is every indication that the purpose of the extension is not so much for the accommodation of the people as to head off rivals from occupying the field, and the question then arises as to whether it is for the interest of the people for this body to take such action as may result in driving rivals from the field instead of inviting competition. The fact that in the first ordinance presented to this body the time given for its completion was eight months, and the fact that the ordinance as now drawn calls for the completion of the line in 60 days is very clear evidence that the interest of the people is not what the promoters of this object have in their minds. This body has by an almost unanimous vote committed itself to the principle of competition, and it is the opinion of your committee that no action should be taken that will have a tendency to lessen the chances of our receiving the desired competition, and we feel that all action in the matter of street railway franchises should be deferred until after your special committee has made its report on this subject. There will then be ample time for action, and we can at the same time act with better wisdom and judgment and be better able to secure to the people any additional privileges over what

they now enjoy, through that which may arise from the benefit of competition.

It is our belief that the people justly demand in exchange for street railway privileges in the streets of the city, a cheap fare between the hours of 6 and 8 o'clock A. M., and 5 and 7 o'clock P. M., and that a single fare should carry a passenger from one end of the city to the other. We think the demand is reasonable and that the City Railway Company can well afford to grant it.

This being so, your committee are of the opinion that no privileges or extensions should be voted by the Common Council until the interests of the people are protected by the concessions above mentioned.

Respectfully,

FRANK J. BLESER.

ERNEST L. RESCHKE.

Ald. McGuire moved to refer both reports to the Special Committee on Railway Franchises. Carried.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Special Committee on Streets and Ordinance to whom was referred the petition of James M. Clark for a franchise to pipe natural gas through the streets and alleys of the city, respectfully report that they have given the same their careful consideration, and have prepared an ordinance granting the prayer of the petition. The ordinance places all the restrictions required in the use of the streets, but in the matter of price and the term for which the permits are granted, your committee leaves it for your honorable body to fix.

Respectfully,

D. C. KELLOGG,

J. E. LALLY.

MIKE MCGUIRE.

FRANK J. BLESER.

ERNEST L. RESCHKE.

AN ORDINANCE granting to James M. Clark of the city of Detroit, Michigan, his successors and assigns, the right to lay mains and pipes and their connections and appurtenances in the streets, avenues, alleys and public places of said city for the purpose of supplying and selling gas.

It is hereby ordained by the people of the city of Detroit:

SECTION 1. That consent, permission and authority are hereby given, granted and duly vested in James M. Clark and his associates, their successors and assigns, organized into a corporation under the laws of the state of Michigan, to lay, maintain, operate and use gas pipes, mains, service pipes and appurtenances in the streets, alleys and highways in the city of Detroit for the purpose of supplying and selling gas in said city upon the terms and conditions mentioned in the following sections.

SEC. 2. The said corporation shall do no injury to any street, avenue, alley, lane, park or public square, nor to any shade trees, nor in any manner disturb or interfere with any water or gas pipes, nor with any public or private sewer, now or hereafter laid or constructed by any authorized person or corporation, and shall fully indemnify and save harmless the city of Detroit from any and all claims or damages for which said city might be made or become liable to pay by reason of the construction, making or operating of said pipes, mains, conductors, or service pipes, or the giving or allowing of the license, right and privileges hereby granted.

SEC. 3. The main pipes of said corporation shall be laid in alleys, streets and avenues, and when in streets and avenues shall be laid in a line parallel with the curb line thereof, and between the curb-stone and the line of the lots abutting the street when the Board of Public Works shall determine such location to be practicable, and in all cases within three feet of the curb-stone, or where the curb-stone should be, and to a depth not exceeding five feet. Said pipes shall be laid in

alleys wherever practicable and when ordered by the Board of Public Works. It is especially required that all service pipes used by said corporation shall be connected only with a main laid in the alley or at the side of the street nearest to the building or premises into which it is desired to conduct such service pipes. All pipes intended for use shall be first tested to the satisfaction of the Board of Public Works, and said Company shall provide a system of escape pipes and gauges showing the amount of pressure on all pipes, to be approved by the City Engineer and Board of Public Works.

SEC. 4. At least twenty-four hours before opening any street, alley or other public space, the said corporation shall notify the Board of Public Works, in writing, of such intentions, stating the place where, and the objects for which such opening is to be made, and in the opening and refilling of all openings made as aforesaid, the relaying of pavements, and all other work necessary to the complete restoration of the streets, pavements, sidewalks or ground to an equally good condition as when disturbed, the said company or its servants or employees, shall be under the supervision of the Board of Public Works or its authorized agent.

And when it shall open ground in said city to lay any gas pipes, or for any other purpose whatever, it shall open no more space at any one time, nor at any one place, nor keep the same open any longer than is necessary to execute the work for which the same shall have been opened.

And the Board of Public Works may determine the question of such necessity. Said corporation shall at all times disclose the necessary danger signal around all excavations, and keep sufficient space in good condition for travel for wagons and teams on at least one side of all excavations; and shall, as soon as practicable, restore all openings to a condition equally as good as before, and keep the same in such repair and condition to the satisfaction of the Board of Public Works for the period of one year from the time when such refilling or paving is made as aforesaid, and shall promptly comply with any order or regulation of said board or its agent, or of the Common Council in reference thereto.

And it is specially provided that in all cases where work requires the exercise of skill, as in the laying or relaying of pavements or sidewalks, the corporation shall employ none but skilled workmen, familiar with the execution of such work. It shall be optional with the city authorities to restore the earth and relay the pavements in streets and other public places when so taken up by said corporation at the expense of such corporation, but the expense of such work shall not exceed the actual cost thereof.

SEC. 5. The expense of the city, or of the Board of Public Works, in the employment of an agent to carry out the provisions of the preceding sections shall be a proper charge against said corporation, and such expense shall be paid by said corporation on a voucher or bill duly certified by said board.

SEC. 6. Said corporation shall at all times be subject to the city ordinances now in existence or which may hereafter be passed, and shall not make any opening or excavation in any street or avenue in said city of a greater width than three and one-half feet, without special permission of the Common Council.

SEC. 7. The said James M. Clark, his associates, successors and assigns, expressly agree so long as it shall continue to have and furnish fuel gas for its customers generally, to furnish without expense the necessary fuel gas to all buildings which are or may be furnished with fuel at public expense in the City of Detroit, provided the city shall pay for constructing and maintaining all connec-

tions between the gas mains and the point where the said fuel gas is consumed.

SEC. 8. Said corporation shall not permit the pressure of the gas within the limits of the city of Detroit to be so great as to endanger the bursting of the pipes.

SEC. 9. Said corporation shall not consolidate with any other gas company, nor shall it agree with any other gas company as to prices charged or to be charged for gas, and the price for such fuel gas shall at no time be more than .... cents for every 1000 feet of gas.

SEC. 10. The right to amend, alter or repeal this ordinance is hereby reserved.

SEC. 11. This ordinance shall take effect when the said corporation shall have filed with the City Clerk a written acceptance of the same, and shall execute a good and sufficient bond to the City of Detroit, in the penal sum of \$100,000, to be approved by the Common Council conditioned for the faithful performance of the terms and conditions of this ordinance, and to fully indemnify and save harm as the City of Detroit, from any and all claims or damages from which said city may be made or become liable to pay, by reason of the giving and granting of the authority and privileges hereby granted, and by reason of any excavations, laying of pipes or explosions, and shall deposit with the Board of Public Works the sum of one thousand dollars to secure the City of Detroit against loss and expense arising from the neglect of said company to comply with the terms of this ordinance relative to keeping the paving of the streets disturbed by them in proper condition for the period of one year after disturbing the same, provided that such acceptance shall be so filed within 90 days after the passage of this ordinance.

SEC. 12. Said corporation agrees to have its pipes and equipments ready for use and in operation on or before January 1, 1890. Should it fail to furnish to the city, or to the inhabitants thereof a supply of the gas as above intended by such time, the privileges herein granted may be, by a resolution of the Common Council, declared forfeited and all rights hereby acquired shall then determine and cease.

SEC. 13. The said corporation shall lay its pipes for supplying gas in such streets and alleys as the Common Council may direct by resolution duly passed, and shall at its own expense lay and maintain all service pipes up to the line of the lot or premises of the person to be supplied.

SEC. 14. The privileges hereby granted shall continue for a period of \_\_\_\_\_ years from the approval of this ordinance.

Accepted and laid on the table.

## RESOLUTIONS.

Resolved, That David Frey be and he is hereby appointed to fill vacancy as Election Inspector of the second district of the First Ward.

Nays—None.

A question having arisen as to the power of the Common Council as to filling vacancies in the office of Inspectors and Registrars of Elections, the chair submitted the following: Hon. John Considine, President, &c.

Dear Sir—With reference to the vacancies in the various Registration Boards, I have no

doubt of the power of the Common Council to fill such vacancies.

In these cases where Inspectors have removed from a precinct, and have returned, I should recommend their re-appointment by the Common Council, so as to save any questions.

While a change of residence from one district to another would create a vacancy, the question would arise as to whether there was an intention to change residence.

To avoid these complications I would suggest the re-appointment of the Inspectors who have returned to the districts for which they were elected.

Yours, &c.,

JOHN W. McGRATH.

#### FROM THE CITY COUNSELOR.

To the Honorable the Common Council.

Gentlemen—There is a wide difference of opinion as to where a person who eats in one ward or precinct and sleeps in another is entitled to vote.

The question has never been before our own supreme court, and there is a conflict of authority in other states.

I suggest that a case be made on the first day of registration and taken before the supreme court on the same day, and, if possible, a decision obtained.

I think the supreme court would be inclined to hear it, and then this vexed question would be settled.

With your approval I will see that such case is prepared and submitted.

Very truly,

JOHN W. McGRATH,  
City Counselor.

Leave being granted the following was offered:

By Ald. Jacobs.

Resolved, that the City Counselor be, and he is hereby instructed to obtain from the Supreme Court at an early day, an injunction upon the question as to whether an elector is entitled to vote in the ward or precinct where he eats or where he sleeps, and to take all necessary steps to that end.

Accepted and placed on file.

#### FROM THE CITY TREASURER.

To the Honorable the Common Council.

Gentlemen—I beg leave to report that the First National Bank has placed to the credit of the City the sum of seven thousand five hundred and twelve dollars and ninety-two cents (\$7,512.92), being the interest on balances for the quarter ending September 30. The Commercial National Bank, for the same period has placed to the City's credit three thousand eight hundred and eleven dollars, twenty-three cents (\$3,811.23), being interest on the general account, and one thousand eight hundred and fifty-four dollars, thirty-seven cents (\$1,854.37), the latter being interest on the "Sinking Fund" for the same period, all of which is respectively submitted.

THOMAS P. TUIE.

City Treasurer.

Accepted and placed on file.

#### FROM THE CLERK OF THE RECORDER'S COURT.

To the Honorable the Common Council.

Gentlemen—I respectfully report to your honorable body that I have been served with a writ of *certiorari* from the Supreme Court in the matter of opening Superior street; also that in the matter of extending Eleventh street an appeal has been taken to the same tribunal. I would recommend that the City Controller be instructed to defend the interests of the city in each case.

#### COMMUNICATIONS FROM CITY OFFICIALS.

FROM HIS HONOR THE MAYOR.

To the Honorable the Common Council.

Gentlemen—I herewith transmit to you a communication from the executors of the estate of the late John P. Clark, relative to a bequest made in the latter's will of land to be used for the purposes of a public park. I recommend that the conditions of the bequest be investigated and considered by your Honorable body.

JOHN PRIDGEON, Jr.,  
Mayor.

The following is the communication: To the Mayor and Common Council of the City of Detroit.

Gentlemen—The late John P. Clark, by his last will which has been duly probated, made the following bequest:

"I give, devise and bequeath to the City of Detroit the undivided one-half of that parcel of land situated in the City of Detroit, County of Wayne, and State of Michigan, bounded on the north by the Dix road, on the east by Scouten avenue, on the west by Clark avenue, and the southerly limit of the same being the edge of the timber—containing about thirty-five, 85, acres—but this bequest is made upon the following conditions: 1. The city shall within two, 2, years after my death pay to my executors a fair price for the remaining undivided one-half, said price to be satisfactory to my executors; 2. The said property shall be forever used for a public park to be known as the John P. Clark park; 3. The Beaver dam on said property shall be kept in its present condition and natural state, subject only to the action of time; 4. All the native timber growing now thereon shall remain, except where walks and drives render its removal necessary. Upon the City of Detroit entering into a satisfactory agreement with my executors within the time above stated, and the payment to them of the price which may be agreed upon, my said executors are hereby authorized and empowered to convey by deed the half not hereby bequeathed of said tract of land: provided that said deed shall recite the conditions upon which this bequest and said deeds are executed, and if said conditions are not kept, said property shall revert to my heirs."

The undersigned executors of said will and estate hereby notify you of the provisions of said will relative to the aforesaid bequest, and also that upon intimation from the City of Detroit, through you, that it will accept said bequest upon the conditions above stated, we will have the tract of land enclosed by the boundaries named in said will surveyed. Should the city desire to accept the bequest as named, we will, if you so desire, be pleased to meet with anyone authorized to act for the city for the purpose of determining the price to be paid for the undivided half not bequeathed.

It may not be improper for us to say that the land covered by the bequest will not vary much from seventeen (17) acres.

Awaiting your pleasure in the premises, we are

Very respectfully,

CHARLES CLARK,

S. S. BAEDOCK,

EVERETT N. CLARK,

Executors.

#### COMMUNICATION.

To the Honorable the Common Council.

Gentlemen—In reply to the resolution of your honorable body requesting this company "to run their cars on Dix avenue on the 10 minute time and to inform the Council the cause of the delay by which their cars are sometimes 30 minutes and sometimes longer between trips," this company beg leave to say that under the provisions of our charter we are only required to run cars every 30 minutes, but in order to accommodate the

people along the line as far as is in our power we have put on additional cars, whose time is 15 minutes apart.

It has been the endeavor of this company to maintain their time promptly, and our trip sheets show that, considering the many difficulties incident to any new and comparatively untried system, we have succeeded as well as can reasonably be expected.

We are constantly doing what we can to improve the road, and shall continue to do so as far as possible in the future. The limited traffic of the line will not authorize such expenditures in track and equipment as can be expected from older lines doing a heavy and prosperous business. Nevertheless we shall do everything in our power to secure prompt and efficient service.

It should be borne in mind that this line runs through a comparatively new part of the city, where the travel is light. No other street railway system than electric could be run at all, as the cost of furnishing by horses the service which we give would be nearly double what it now is and practically prohibitory, considering the present receipts of the road.

Trusting that this information meets the requirements of your resolution, we have the honor to remain,

Respectfully yours,

DETROIT ELECTRIC RAILWAY CO.  
H. M. CAMPBELL,  
President.

Accepted and referred to the Special Committee on Street Railways.

Gentlemen—The undersigned respectfully  
protest against the return of the Inspectors

in the fourth precinct of the Ninth Ward so far as it relates to the election of Inspectors, as the votes on the Republican tickets in said precinct were cast for us, and we are lawfully entitled to the election, as the other parties who put on slips put them on the Democratic ticket and should not therefore be counted.

The undersigned request that the correction be made according to law, and we be declared elected as Inspectors for said precinct.

WM. F. PANKOW,  
WM. C. BAUMANN.

#### FROM THE METROPOLITAN POLICE COMMISSION.

To the Honorable the Common Council of the City of Detroit.

Gentlemen—In response to your resolutions relative to the arrest of M. S. Robinson, I am directed to advise your honorable body that the Board of Police Commissioners have made inquiries into the facts as requested.

The law does not give the Board authority to dismiss, or in any manner to discipline any officer without charges regularly preferred, and after a fair trial.

The information obtained does not seem to justify the Board on its own motion to direct charges to be preferred against the officer making the arrest.

The facts placed before the Board on this expert inquiry made at your request, may not have disclosed such a case as a trial would present, but the Board have no right to act unless the party aggrieved sees fit to make complaint.

Very respectfully,

L. R. MESERVE,

Secretary of the Board of Police.

Accepted and placed on file.

#### FROM THE FIRE COMMISSION.

To the Honorable the Common Council.

Gentlemen—The Fire Commission submits herewith its twenty-first annual report.

By direction of the Board.

JAMES E. TRYON,

Secretary.

Accepted and referred to the Committee on Ways and Means.

#### FROM THE BOARD OF HEALTH.

To the Honorable the Common Council.

Gentlemen—I herewith transmit to your honorable body the resolution offered by Dr. Brodie and adopted by the Board of Health.

Very respectfully,

SAMUEL P. DUFFIELD, M. D.,  
Health Officer.

Whereas, Sewers have been constructed in the Sixteenth Ward in close proximity to the brick yard ponds; and

Whereas, Delay in draining them has been asked of this Board until spring; and

Whereas, Sickness and fatal fevers may result from exposure to the summer's sun the filth which has accumulated in these ponds during a period of upward of twenty years.

Whereas, By drawing off the water and allowing the winter's frost to thoroughly penetrate this sediment, which in decomposing matter, the dangerous character of the emanations from said sediment will to a great extent be modified or even destroyed; therefore

Resolved, That the Board of Health would respectfully recommend that your honorable body instruct the Board of Public Works to drain all said ponds into the public sewer as soon as possible.

Respectfully submitted,

SAMUEL P. DUFFIELD, M. D.,  
Health Officer.

#### FROM THE BOARD OF PUBLIC WORKS.

To the Honorable the Common Council.

Gentlemen—The Board of Public Works to whom was referred the petition

Of Fred Leuff and others, remonstrance against building sewer in alley between Dix, Toledo, Morrell and Junction avenue.

Respectfully report that in the locality in which this sewer is proposed to be constructed more or less malaria exists, and as a sanitary necessity there is no question. The Board therefore recommend that the prayer of the petitioners protesting against the same be denied.

Respectfully submitted,

W. H. LANGLEY,

President.

Accepted and placed on file.

#### FROM THE SAME.

To the Honorable the Common Council.

your honorable body and recommend that it be so referred.

Respectfully submitted,  
W. H. LANGLEY,  
President.

Accepted and concurred in.

#### JUDICIARY.

To the Honorable the Common Council.

Gentlemen—Your Committee on Judiciary, to whom was referred the petition of Anthony Grosfield and Peter Schulte, relative to the line of the Boulevard, respectfully report, that when we considered the matter, we decided to obtain the opinion of the City Counselor, which we submit herewith, and recommend the concurrence of this body, with the suggestion of the City Counselor, that the matter be referred to the Boulevard Commissioners.

Respectfully submitted,

JOHN CHR. JACOB,  
D. C. KELLOGG,  
J. P. GILMORE.

Accepted and recommendations concurred in.

Hon. J. C. Jacobs:

Dear Sir:—I have examined with some care the petition of Anthony Grosfield and Peter Schulte, relative to the Boulevard.

The deed from these gentlemen to the city contained no such condition as might be inferred from a reading of the petition. The deed is absolute on its face, and no other deed could have been accepted.

The law leaves the matter of the improvement of the Boulevard to the commissioners, and not to the Common Council, and the petitioners must be presumed to have known the law.

I suggest, therefore, that the petition be returned to the petitioners with the suggestion that they apply to the Boulevard Commissioners for the improvement of that portion of the street named in the petition.

Respectfully,

JOHN MCGRATH,  
City Counselor.

##### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Judiciary, to whom was referred the question of the validity of the acts done by the retiring Board of Aldermen on the second Tuesday of last January, before the new, or present Board of Aldermen were qualified, respectfully report that we have given the matter very serious consideration, and are satisfied that the propriety and necessity for the last meeting is, and must be apparent to every member of the Board, and the new charter should make provision for it. We submit that something like the following proviso should be added to sections 10 and 11, chapter 7, of the charter, to-wit:

Provided, That the newly elected aldermen shall not be deemed to have entered into their offices, until the City Clerk shall have called the first meeting to order.

Provided, That the retiring Board of Aldermen may hold a regular meeting on the second Tuesday in January in each year, prior to the organization of the new Board, for the purpose of disposing of business then unfinished, but no new business shall be introduced or transacted at such meeting. All unfinished business in the hands of the old council shall by virtue of the final adjournment of that body be transferred to the new council. We therefore recommend that this report be referred to the law officers of

the City who now have the preparation of a new charter under consideration, with instructions to embody the foregoing suggestions therein.

Respectfully submitted,  
JOHN CHR. JACOB.  
D. C. KELLOGG,  
J. P. GILMORE.

Accepted and adopted.

We doubt the power of the council to compel the company to extend the bridge the width of the grass plat inside of the sidewalk. We are of the opinion that they have complied with the law. ## FROM THE FIRE COMMISSION.

To the Honorable the Board of Aldermen.  
Gentlemen—The Fire Commission has received a copy of a resolution adopted by your honorable body at a recent session relative to permitting Jacob Schultz, the contractor for the Orleans street sewer to use the hydrants on that street for the purpose of settling the back-filling.

In the pursuit of his work Schultz or his sub-contractors have gotten all the hydrants on Orleans street out of order, and they have just been repaired and put in good condition as far north as Croghan street.

The commission begs to remind your honorable body of the danger at this season of the year of allowing hydrants to be opened and closed by people who have no conception of the importance of having them in condition to use in case of fire.

We beg therefore to respectfully suggest to your honorable body that if the street can be restored in no other way that we be permitted to furnish a man to open and close the hydrants, and that the work be done under the supervision and direction of the Board of Public Works and not the contractor.

By direction of the board.

JAMES E. TRYON,

Secretary.

Accepted and the recommendation of the board was concurred in without expense to any person.

## FROM THE BOARD OF PUBLIC WORKS.

Of Traugott Schmidt and others, asking for a lateral sewer in alley north of Kercheval avenue and west of Meldrum avenue.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Street Openings, to whom was referred the matter of the verdict of a jury in the Recorder's Court, in the matter of opening Commonwealth avenue from Stanley street to Piquette avenue, where not already eighty (80) feet wide, respectively report that they have examined the same, and are of the opinion that the property in that locality is largely benefited by the improvement and should bear a portion of the expense of making the same. The award of the jury is \$1,242.90 and your committee recommend that \$321.45 of that amount be assessed upon a local district, in accordance with the resolution herewith submitted, and in order that the street may be opened without delay, that the treasurer be directed to pay the several awards, in accordance with said verdict, from the general street opening fund and to place to the credit of such general fund the amounts collected from such local district when collected.

Respectfully,

WILLIAM O'REGAN,  
JAMES HARTNESS, JR.,  
FERDINAND AMOS.

Resolved, That the Common Council of the City of Detroit do hereby fix and determine that the following district and portion of said City of Detroit to wit: Lots 1 to 19 inclusive, and lots 48 to 70 inclusive, of Woodbridge's subdivision of outlots 112, 113 and 115 of the Woodbridge farm; also lots 35 to 100 inclusive, of D. Woodbridge's subdivision of north part of Woodbridge farm, is benefited by the opening of Commonwealth avenue from Stanley street to Piquette avenue, where not already open eighty (80) feet wide; and further

Resolved, That there be assessed and levied upon the several pieces and parcels of real estate included in the above description, the amount of six hundred and twenty-one and forty-five one-hundredths (\$621.45-100) dollars in proportion, as near as may be, to the advantage which such lot or parcel is deemed to acquire by such improvement; and further

Resolved, That the Board of Assessors of said City of Detroit be and they are hereby directed to proceed forthwith to make an assessment roll, in conformity with the requirements of the charter of the City of Detroit, relating to special assessments for collecting the expense of public improvements, comprising the property hereinbefore described, upon which they shall assess and levy the amount of six hundred twenty-one and forty-five hundredths dollars, each lot or parcel to be assessed a ratable proportion, as near as may be, of said amount in accordance to the amount of benefit derived by such improvement.

And further resolved, That the City Controller be and is hereby directed to draw his warrant on the proper fund for the sum of \$621.45, that being the award of the jury in the matter of opening Commonwealth avenue from Stanley street to Piquette avenue.

And further resolved, That the City Treasurer be and is hereby directed to pay to the several persons the several amounts each is entitled to receive as ascertained and awarded by the verdict of the jury in the matter of opening Commonwealth avenue from Stanley street to Piquette avenue.

#### LICENSES.

To the Honorable the Common Council.

Gentlemen—Your Committee on Licenses, to whom was referred the petition of Mrs. Nellie Freeman to be refunded the sum of \$3.75 paid by her for a license to open an intelligence office, respectfully report that it appears that the petitioner's children were taken sick immediately after she had obtained her license, and that she has never done any business under its authority, nor is she able to avail herself of the privileges given her therein. As she is a worthy widow trying to support those who are dependent on her, we consider it only justice to grant her prayer, and herewith present the proper resolution.

Respectfully submitted,

JAMES TIERNEY,  
JOHN CHR. JACOB,  
JAMES HARTNESS, JR.

## SPECIAL COMMITTEE.

To the Honorable the Common Council.

Gentlemen—Your Special Committee on Street Railways, to whom was referred the resolution of Alderman Griggs adopted at the session of the council held Oct. 3, would respectfully report that they have given the matter careful consideration and find that there is a necessity for the establishment of street railway lines in certain portions of the city, and in accordance with your instructions advertised for proposals for service in the territory in question, specifications for same having been published in "The Detroit Journal" from Nov. 27 to Dec. 1 inclusive. Only one bid was received in response to the advertisement, and we present the same herewith. In framing the ordinance every care was used to see that the interest of the city was well protected, and features were introduced which have never before been incorporated in street railway franchises, and which many claimed would practically nullify all the efforts of the committee and result in our not receiving any bids on account of the restrictions being too severe. The result demonstrates that our committee was right, and now that "the ice has been broken," there is hardly a question but what this course can be adhered to. We present herewith an ordinance for the establishment of a street railway line in conformity with the bid received and recommend its adoption.

Your committee tried in every way to avoid the unnecessary use of streets, and endeavored to confine the route to as few streets as possible, but a glance at a map of the city will show that it is not possible to establish a line that will occupy as few streets as some lines already in existence, which is unavoidable on account of the general plan of the city.

The number of streets proposed to be occupied is far less in proportion to miles of track than are five out of eight lines of the City Railway Company. The line would run two miles to one street, and another portion of the route three streets only would be occupied in going four miles. The main line would occupy nine streets and the branches three streets, or an average of about one street for each mile of track. The number of streets occupied would be reduced by three if the city had retained the same reservation in previous franchises as has been inserted in this one. The saving in time on account of the increase in speed, which the Council reserves the right to call for, will be of inestimable value to the people, as every one using street cars to any great extent will be enabled to save from a half to an hour's time each day. The saving in fare to those who patronize the line between the hours of 6 and

A. M. and 6 and 8 P. M. would be \$187.50 for each person during the life time of the franchise, \$18,750 for each 100 persons, and on the basis that five hundred (500) people living on the line would patronize it during these hours, the total saving would be \$93,750.

Your Committee feel perfectly safe in saying that the number using the line during the time mentioned would be far in excess of 500, but have thought best to take that number in order that there may be no cause to think it has been exaggerated. The benefit derived, however, would not be confined solely to persons living directly on the line of this route, but those living on the line of other routes within a reasonable proximity of the proposed line would be equally benefited as the

competition would force other lines to grant the same privileges or see their traffic leaving them, which it is not reasonable to suppose they would stand without strenuous efforts to retain it. These indirect benefits would certainly amount to a sum not less than one-half a million dollars, and would bring about a radical change on the City lines in the matter of speed. This is practically the first step in the direction of obtaining radical concessions from the street railway corporations in return for the great privileges they enjoy.

Your Committee trust that your honorable body may approve of its action and grant the franchise recommended.

Respectfully submitted,

JOHN CONSIDINE,  
S. A. GRIGGS,  
FRANK N. REVES,  
J. HAYES,  
MIKE MCGUIRE.

The following is a copy of the specifications and ordinance submitted.

Hon. John Considine, Chairman of the Committee of the Common Council.

We, the undersigned, in compliance with the specifications and ordinance adopted by the Special Committee of the Common Council of the City of Detroit, Nov. 22nd, 1888, asking for "proposals for permission to construct and operate Street Railways in the City of Detroit," would respectfully submit the following proposition under "Plan Two" of said Specifications, to wit:

"2. On thirty (30) year franchise, with overhead apparatus allowed outside the circuit of one mile from the City Hall, the same to be removed and either placed under ground or disposed of entirely at such time as the Common Council shall require all overhead wires within the circuit traversed placed under ground or removed."

We will construct, maintain and operate a street railway in accordance with and subject to the provisions and conditions contained in the said ordinance and specifications along, in, and through the first route mentioned in said specifications, to wit: "1st. Commencing on Crawford street at the city limits, thence through Crawford street to Bagz street, thence through Bagz street to Park street, thence through Park street to Washington avenue, thence through Washington avenue to Michigan avenue, thence through Michigan avenue to Cadillac square, thence through Cadillac square on the north side of the Market buildings to Congress street, thence through Congress street to Mt. Elliott avenue, thence through Mt. Elliott avenue to Jefferson avenue, thence through Jefferson avenue to the easterly city limits; also from the intersection of Cadillac square and Bates street southerly through Bates street to the Detroit river; also from the intersection of Congress and Chene streets northerly through Chene street to the city limits, and also from the intersection of Congress street and Joseph Campan avenue southerly through Joseph Campan avenue to the Detroit river."

In case the Common Council shall deem it advisable to change the route so as to use Clifford and Griswold streets, instead of Washington avenue and Michigan avenue, west of Griswold street, or State street, Gratiot avenue and Farmer street, instead of Michigan avenue and Cadillac square, and Fort street, instead of Congress street, it shall not be considered by the bidder as a release from his bid, and agree to make the fares as specified in section five of said ordinance and fix the hours during which the fares shall be at the rate of eight tickets for twenty-five cents from six to seven o'clock A. M. and from five to six o'clock P. M. of every working day; and as a guarantee that we will fulfill the requirements of this bid, we have deposited a certified check for

Five Thousand Dollars payable to the City Controller as required by the specifications.

ordinance, and shall before one year from the acceptance of said ordinance have said railway completed and in operation, running sufficient cars to accommodate the public.

SEC. 21. The right is hereby reserved to the Common Council of the City of Detroit to make such rules, orders or regulations as from time to time may be deemed necessary to protect the interests, safety, welfare or accommodation of the public in relation to said railway.

Resolved, That the Controller be and is hereby directed to purchase a new carpet for the Council Chamber.

Resolved, That the Controller be and he is hereby authorized and directed to advertise for three days for bids for furnishing the Council Chamber with a new body Brussels carpet, fitted and laid, with such carpet lining as may be found necessary when the old carpet is removed, and new oilcloth where required.

Objected to and laid on the table.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Public Buildings, to whom was referred the rearrangement of the desks in the council chamber, respectfully report that we have measured the room and find there is ample space for the accommodation of the members, should the council decide to put the President's desk between the windows at the east end of the chamber, and then place a row of desks on each side of a center aisle, each desk to accommodate four members, or two wards, and to be 13 feet long. This would leave one foot between the desks and the wall and an aisle five feet wide through the center. Allowing seven feet for the space of each desk, chair and passageway behind, and the four rows of desks would occupy only 28 feet in depth. This would bring the entire body between the present hall doors and the east end of the building. We would suggest the removal of the railing around the stairway on the east side, enclosing of the space so gained by a partition on the line of the main hallway, and the room to be used for a coat room for the members.

Respectfully submitted,  
B. GUINEY,  
THOMAS FAIRBAIRN,  
J. P. MARTZ.

Laid on the table.

## TAXES.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of J. Wittlesberger, asking to be refunded an erroneous assessment on a stock of goods, respectfully report that it appears by the Assessor's field book that he was assessed at \$300, but in transforming the assessment to the rolls it was made \$300. This being clearly an error we recommend that the prayer of the petitioner be granted.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Adopted and on leave the following was offered:

By Ald. Finney.

Resolved, That the City Controller be and he is hereby authorized and directed to draw his warrant on the proper fund in favor of J. ## FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of John Kwart to be refunded a tax on a mortgage on a house and lot which he owns and occupies as a home, respectfully report that the assessment of the mortgage by the Assessors was a proper one, as the same was of record. The petitioner, not being able to read or write, and understanding very little about business, seems to have neglected to discharge the mortgage, or to have appeared before the Assessors to have the same stricken from the rolls. Ignorance of the law is no excuse. While our sympathy is with the petitioner, we cannot consistently

with our oath of office recommend any other course than the denial of his petition.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted, and leave being granted the following was offered as a substitute for the report:

By Ald. Trombly.

Resolved, That the City Controller be and he is hereby authorized and directed to draw his warrant on the proper fund in favor of John Kwart for \$6.88 on presentation and delivery of the receipt showing the payment of a tax on personal property assessed at \$200 for the year 1888.

Adopted as follows:

Yeas—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Holihan, Karrer, Kellogg, Lauder, McGuire, McIntyre, Martz, Meier, O'Regan, Peterkin, Pfeifer, Reichenbach, Reschke, Reves, Tierney, Trombly, Uthes and the President—28.

Nays—None.

## FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Geo. A. Dupuis, for the refunding of an alleged erroneous assessment on a mortgage, respectfully report that the mortgage was of record when the assessment was levied, hence its assessment was not erroneous. His petition sets forth that the same was discharged April 23, 1888, that was after the rolls had left the Board of Review, and he made no application to the committee appointed by the Common Council to adjust alleged erroneous assessments to have the same stricken from the rolls. If he had, we are of the opinion his application would have been denied, for he was liable to be assessed on the money he received for said mortgage, even if the same was discharged. We recommend that his prayer be denied.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and adopted.

## FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Thomas Neal, to be refunded an alleged erroneous assessment, respectfully report that it was shown that the mortgage was of record and the petitioner acknowledged that he did not appear before the assessors to show them that it was assigned to other parties. As it was of record, its assessment cannot be construed erroneous; and as he did not avail himself of the privileges of the law or look after his assessment, he must abide the penalty of his own neglect. We recommend that his prayer be denied.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and adopted.

## STREET OPENINGS.

To the Honorable the Common Council.

Gentlemen—Your Committee on Street Openings, to whom was referred the petition of Antoni Sitsel and others for the opening of an alley or street from Winter to Fremont streets along the west line of St. Aubin farm respectfully report that they have examined the same and find that the petitioners live on the south side of Winter street; that Winter street is 50 feet wide and is blocked at one end by the railroad and at the other by the St. Albert church; your committee are of the opinion that your petitioners are entitled

to some means of ingress and egress to and from their homes and as they are satisfied with a thirty-foot right of way along the easterly line of Witherell farm, recommend that the City Attorney be directed to prepare the proper resolution for opening the same.

Respectfully,

WILLIAM O'REGAN,  
FERDINAND AMOS,  
JAMES HARTNESS, JR.,

Adopted as follows:

#### MARKETS.

To the Honorable the Common Council.

Gentlemen—Your Committee on Markets, to whom was referred the petition of Conrad Fey and others, asking for the erection of suitable sheds for the shelter of cattle offered for sale at the Eastern Hay Market, respectfully report that we have inquired of the Aldermen of the Wards on the East Side, who do not consider the same necessary, but on the contrary think the erection of such sheds would interfere with the business of those citizens who have erected large and commodious barns adjacent to the market for the shelter and care of cattle offered for sale. Your committee are of the opinion that it is not a part of the city's duty to provide sheds or stables for live stock brought here for sale. It would be a step in the wrong direction. We therefore recommend that the prayer of the petitioners be denied.

Respectfully submitted,

B. GUINEY,  
D. PETERKIN,  
C. K. TROMBLY.

Accepted and adopted.

To the Honorable the Common Council.

Gentlemen—Your Committee on Bridges to whom was referred the petition of Herman A. Schmidt, asking for a lease of the west side of the north end of Belle Isle bridge as a stand for small row and sail boats, respectfully report that we have considered the same and recommend the adoption of the accompanying resolution:

Respectfully submitted,

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Bridges, to whom was referred the matter of the change in the Belle Isle approach to the Belle Isle Park Bridge, would most respectfully report that they have given the matter the consideration that its importance demands, and while they recommended that the Legislature be asked to authorize the issue of the necessary bonds, they are of opinion that before this is done, to save time as well as to obtain the knowledge of the amount of money necessary to make the necessary changes, bids should be obtained for the work, in accordance with the Charter provisions.

The Council will then be in a position to act advisedly in the premises.

Your committee would therefore recommend that the Board of Public Works be directed to advertise for bids for making the change in said bridge in accordance with the suggestions of Col. Kallman.

Your committee have made inquiries as to what portions of the Belle Isle approach could be made available in case the proposed change should be made after the completion of the bridge, and find that but very little of the structure could be utilized.

Your committee further report that they find that very little delay will be occasioned provided the necessary authority to provide funds is obtained by Feb. 15, 1889, as the contractor has informed your committee that the work can be completed within the life of the present contract.

Respectfully submitted,

JAMES HOLIHAN,  
LOU BURT,  
JOHN P. MARTZ,  
JAMES HAYES,  
FRANK N. REVES,  
Committee on Bridges.

Accepted and leave being granted the following was offered:

By Ald. Holihan.

Resolved, That the Board of Public Works be and they are hereby directed to advertise for two days for proposals for making the changes in the construction of the Belle Isle bridge in accordance with the suggestions made by the superintendent of the construction of said bridge and the plans and specifications prepared by him.

Laid on the table for one week.

### COMMUNICATIONS FROM CITY OFFICERS.

FROM HIS HONOR THE MAYOR.

To the Honorable the Common Council.

Gentlemen—I return to your honorable body without my approval an ordinance granting a franchise to John F. Barry and

others to operate a street railway in certain streets of Detroit. In withholding my approval from a former franchise I took occasion to accompany the specific objections to the measure in question with some suggestions regarding what the general policy of the city should be in the development of a thorough and comprehensive system of street railway service in Detroit.

The franchise now proposed is not only open to all the specific objections made to the former one, but is even a more radical departure than that one was from the principles I endeavored to outline, and which the council at that time approved by a vote of 25 to 5.

I am aware that there has been a pretense in the preparation of this measure of following the program upon which at that time the executive recommendation and the action of the council thereupon seemed to indicate a cordial agreement. The assumption that the pending franchise was passed by the Common Council upon a basis of fair competition or after mature consideration of its merits or defects is not justified by the history of the proceedings of the case.

First, The Common Council had no knowledge of the character of the ordinance prepared by the special committee and exercised no voice in determining the route outlined.

Second. The advertising of what the special committee of the council assumed to offer in the way of a valuable franchise was restricted to a single paper in Detroit, and only five days elapsed between the first appearance of the advertisement and the time when the bids were opened.

It is not surprising that only one bid was received by the committee. The actions of the committee had practically excluded all capital, both at home and abroad, from considering what they had to offer. No one man, or company of men, could be expected to be ready with a proposition upon such short notice unless, indeed, they had been admitted to a prior and special knowledge of the character of the franchise which the committee proposed to offer. Before the people had a chance to know what was going on the franchise had been presented to the council and adopted. If there was any object in advertising at all it would seem to be for the purpose of bringing competition from as many quarters as possible. The methods adopted by the special committee clearly indicate that the committee was possessed of a desire to avoid all competition and place the franchise within the grasp of the company which it specially desired should have it.

I have shown that the ordinance was not brought before the council in a fair and proper manner. The Common Council received its first knowledge of the provisions of the proposed franchise on December 5th, and without stopping to consider them placed the ordinance upon its first and second readings and made it ready for its final passage, which was accomplished at the following meeting, December 11th. From this record it does not appear that the valuable privileges which it is proposed to confer in this franchise, nor the terms upon which they were to be given, or the necessities of the localities through which the route is planned, were fully or carefully considered. The result of this hasty and inconsequential preparation of the measure is apparent in the defective character of the ordinance.

It purports to insure rapid transit while it does not specifically provide for anything of the kind.

It pretends to guarantee the use of electricity as a motive power, while it allows the grantees the power to use any other motive power they may see fit, except steam power applied directly to engines or dummies.

While the maximum rate of speed is placed

at 10 miles an hour, no minimum rate of speed is specified.

Were this franchise granted in its present form the people and the council would be as utterly powerless, under its terms, to compel the use of electricity, or other rapid transit motive power, as they now are to obtain like concessions from the existing companies. In this respect the ordinance is most defective and does not justify the principal claims upon which it rests, and upon which its passage has been urged before the council and the people.

The franchise proposes some modifications of present fares, and likewise through fares between the east and west limits of the city. These concessions were well worthy of favorable consideration, but I cannot understand why they should have excluded from the notice of the special committee or the Council other very valuable proposals in the interest of the people, in the same direction, made by the old companies. I shall not here discuss the respective proposals in respect to commutations and transfers which have been offered to the Council, further than to state what the whole public perfectly understand—that the propositions which the Council saw fit to ignore offered to nearly the whole population of Detroit what the proposed franchise offers only to an insignificant section of the population.

Having thus laid before the council the specific reasons which have compelled me to withhold my approval from the proposed measure, I desire to assure the council that I have, nevertheless, used every reasonable means to ascertain the state of public opinion on the subject. The mayor's office has, during the past few days, been crowded during every business hour with citizens presenting their opinions on one side or the other, from their respective points of view. Not less than two thousand persons must have called or been represented by petition, and fully eighty per cent protested strongly against the granting of this franchise upon the brief and careless consideration that has been devoted to the question of street car facilities, as it now confronts us with regard to future necessities.

The completion of the Belle Isle bridge will require of the Council every effort to carry the people there by the most direct and the cheapest routes. The popularity of the park with the whole people will create a great and growing patronage in the summer season for any and all facilities for transportation which will lead to it. The old companies are not behind in appreciating the value of this travel. They are now and have for over two years past been knocking at the doors of this municipality for the privileges of accommodating that travel. The wisdom of the city's officials has so far prevented them from granting the exclusive control of this valuable privilege without receiving adequate concessions. The opportunities for accommodating this travel for the next twenty-one years by means of through street car service is confined to four streets outside of those already occupied, viz: Champlain, Fort, Congress and Larned. To occupy all the streets between Croghan and Jefferson avenue with rails is, it would seem to me, out of the question; and the two, or at most three, eastern outlets to the park which remain to us should be most jealously guarded. They are the only weapons left to the city with which the old companies can be compelled to grant what the people are now clamoring for, viz: Better facilities, commutation tickets during the hours when our working people are going to and returning from work, and transportation for one fare from the extremity of one line to the extremity of any other line operated by the same company.

These benefits to the people are, I am convinced, within the reach of the council

to obtain when the subject in hand shall be approached in earnest and with an honest purpose and determination to do all possible for the interests of the people.

In conclusion, gentlemen, I desire to again call attention to the importance of making the life of all future street railway franchises contemporaneous with what remains of the life of the principal existing main lines, so as to preserve for the people of Detroit twenty-one years hence the opportunity which is now denied us, of making the best possible arrangement for street railway facilities.

JOHN PRIDGEON, JR.,  
Mayor.

Accepted and the vote by which the ordinance was adopted was reconsidered as follows:

Yeas—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Hollman, Jacob, Karrer, Kellogg, Lally, Lauder, McGuire, McIntyre, Martz, Meier, O'Regan, Peterkin, Pfeiffer, Reichenbach, Reschke, Reeves, Smith, Tierney, Trombly, Uthes, and the President—31.

Nays—None.

Yeas—Ald. Burt, Finney, Gilmore, Griggs, Hayes, Hollman, McGuire, O'Regan and the President—9.

Nays—Ald. Amos, Bleser, Fairbairn, Guiney, Hartness, Jacob, Karrer, Kellogg, Lally, Lauder, McIntyre, Martz, Meier, Peterkin, Pfeiffer, Reichenbach, Reschke, Reeves, Smith, Tierney, Trombly, Uthes—22.

Resolved, That the Committee on Ways and Means be and are hereby requested to report to this body as to when they will be completed.

J. E. LALLY,  
FRANK N. REVES.

Accepted and placed on file.

**FROM THE SAME.**

To the Honorable the Common Council.

Gentlemen—Your Committee on Ways and Means, to whom was referred the communication from the Board of Public Works in relation to fixing the salary of the Secretary of the Board at \$3000 per annum respectfully report that we have considered the matter and recommend concurrence in the views of the Board and the adoption of the accompanying resolution.

Respectfully submitted,

C. K. TROMBLY,  
J. E. LALLY.

Accepted, and on leave the following was offered:

By Ald. Trombly.

Whereas, Section 13 of the act establishing the Board of Public Works provides that said board may fix the salary of its secretary et al., as shall be from time to time determined by the Common Council;

Whereas, It is the opinion of the board that the salary of its secretary is inadequate for the services required and should be increased to \$3000 per annum; therefore,

Resolved, That the recommendation of the Board of Public Works fixing the salary of the secretary of said board at \$3000 per annum to date from Jan. 1, 1889, be and the same is hereby concurred in, and that said amount be paid out of the Board of Public Works' general fund.

**CLAIMS AND ACCOUNTS.**

To the Honorable the Common Council.

Gentlemen—Your Committee on Claims and Accounts, to whom was referred the Controller's list of approved accounts of the 18th December, respectfully report that they have examined the same, and believing them to be correct, would recommend that they be paid from the proper funds.

Respectfully submitted,

JAMES HOLIHAN,  
SEYMOUR FINNEY,  
FERDINAND AMOS.

Accepted and adopted as follows:

Yeas—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hayes, Hollhan, Jacob, Karrer, Kellogg, Lally, Lauder, McGuire, McIntyre, Martz, Meier, O'Regan, Peterkin, Pfeifer, Reichenbach, Reschke, Reves, Smith, Tierney, Trombly, Uthes and the President—30.

Nays—None.

**TAXES.**

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Alex. M. Campau to be refunded an assessment on a mortgage of \$18,000, respectfully report that Mr. Campau's agent admitted that he told the chief clerk in the Assessor's office that the \$18,000 mortgage was owned by Mr. Campau. He also made an affidavit that he told said clerk and also Assessors Perrin and Long that Mr. Campau owed a mortgage of \$30,000, and asked that it be applied as an offset against the one assessed. The chief clerk and the two Assessors made oath that he did no such thing, but on the contrary the \$18,000 mortgage was not even mentioned. The law provides for offsetting debts against credits on assessments for mortgages but the same are made known to the Assessors, and it is their duty to do so; but it is also the duty of the party assessed to make it known. Having admitted the ownership of the mort-

rage for \$16,000, its assessment cannot be construed illegal or erroneous. The preponderance of evidence is against the affidavit filed by Mr. Campan's agent. It seems to be another case of neglect, for which neither the Assessors nor your Committee are to blame. We recommend that the prayer of the petitioner be denied.

Respectfully submitted,  
SEYMOUR FINNEY,  
JAMES TIERNEY.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Thos. Montgomery to be refunded an alleged erroneous assessment, respectfully report that it was shown that the petitioner had wood yards in the Twelfth and Fourteenth wards; that Assessor Garrison assessed in the Twelfth ward and Assessor Long in the Fourteenth ward, and that each one found the property returned for taxation in the ward where the same was assessed, hence the assessment was not erroneous. The petitioner acknowledged that he knew that it was his privilege and duty to go before the Board of Review to examine his assessment, and that he neglected to do so. It is not the province of this Council to condone the neglect of persons assessed, they must abide the penalty thereof. We recommend that the prayer of the petitioner be denied.

Respectfully submitted,  
SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of the Detroit & Saline Plank Road Company, to be relieved from an assessment on lot 1 of Johnston's & Sanderson's subdivision of the east part of private claim 77, south of Michigan avenue, respectfully report that the petitioner bases the claim for relief on Sec. 3858 of Howell's compiled laws. We are of the opinion that the possession of the lot in question is not necessary for the exercise of the powers given the corporation by their franchise. The toll gate on the street in front of said lot is necessary, but that is not assessed. We consider that they have no ground, legally or otherwise, to justify their petition, and therefore recommend that their prayer be denied.

Respectfully submitted,  
SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of John Detlof, to be relieved from an alleged erroneous assessment, respectfully report that from the evidence reported to your committee it appears that the property assessed was in sight and on the ground when the assessment was levied, hence it was not erroneous. Assessor Perrin assured your committee that the petitioner never made any statement to him relative to the removal of any portion of said property prior to or during the session of the Board of Review. This was his duty and privilege. That he did not avail himself of it is not the fault of the Assessors, nor yet of the Common Council. He must abide the result of his own neglect. We recommend that his prayer be denied.

Respectfully submitted,  
SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of John Hausman, to be refunded a tax on a mortgage of \$1,160 on the ground that his mortgage is only for \$650, respectfully report that it was shown that there are two mortgages on record and in force belonging to the petitioner, one for \$650 and one for \$600, which together makes the sum of \$1,160, the amount for which he is assessed. We are unable to discover where any injustice had been done, and therefore recommend that his prayer be denied.

Respectfully submitted,  
SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Marx Spindler, asking authority to pay a certain tax for the year 1886, without interest or costs, respectfully report that it appears that the sale of the lot was brought about by an error of a clerk in the Receiver of Taxes' office, and was occasioned by no fault of the petitioner. We recommend that his prayer be granted, and herewith present the proper resolution.

Respectfully submitted,  
SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and on leave the following was offered:

By Ald. Finney.

Resolved, That the City Treasurer be and he is hereby authorized and directed to receive of Marx Spindler the sum of \$10.72, the original sum assessed against lot 108, L. Moran farm, Wesson's section, for the year 1886, in full settlement of the city's claims against said lot.

Adopted as follows:

Yeas—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hayes, Hollman, Jacob, Karrer, Kellogg, Lally, Lauder, McGuire, McIntyre, Martz, Meler, O'Regan, Peterkin, Pfeiffer, Reichenbach, Reschke, Reyes, Smith, Tierney, Trombly, Utter and the President—30.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes to whom was referred the petition of Mary Schulta, asking to be relieved from a double assessment, respectfully report that it appears the property was assessed in the Seventh ward, and again in the Third ward, it having been removed from the Seventh to the Third ward while the assessors were assessing in the Fifth ward. It is clearly a double assessment and we recommend that the relief asked for be granted.

Respectfully submitted,  
SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and on leave the following was offered:

By Ald. Tierney.

Resolved, That the Controller be and he is hereby authorized and directed to draw his warrant on the proper fund for the amount of the tax on the personal property assessed to Mary Schulta in the Seventh ward upon presentation of the receipt showing that the same has been paid for the year 1886.

Adopted as follows:

Yeas—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hayes, Hollman, Jacob, Karrer, Kellogg,

Lally, Lauder, McGuire, McIntyre, Martz, Meier, O'Regan, Peterkin, Pfeiffer, Reichenbach, Reschke, Reves, Smith, Tierney, Trombly, Uthes and the President—30.

Respectfully,  
WILLIAM O'REGAN,

B. Woodbridge's subdivision of north part of Woodbridge farm; also lots 24 to 68 inclusive, of E. J. and A. K. Stimson's subdivision of lots 10, 11 and 12 of Mandelbaum's subdivision of east part of section 36, town 1 south, range 11 east, and east part of fractional section 1, town 2 south, range 11 east, is benefited by the opening of Commonwealth avenue from Stanley street to Fiquette avenue, where not already open to eighty (80) feet wide; and further

#### FROM THE SAME.

To the Honorable the Common Council.  
Gentlemen—Your Committee on Street Openings, to whom was referred the petition of George S. Adams for the acceptance of two plats of Ferry and Lyster on the Antoine

Beaubien farm, respectfully report that they have considered the same and find that it is a replat of certain lands lying between Theodore street and Harper avenue; that it corresponds to the plan of the city except that Kirby avenue is 80 feet wide instead of 60 feet, but that the avenue wherever opened is 80 feet wide; that the only other change is to make all lots front on the east and west streets. Your committee recommend that the plat be approved and the existing plats vacated wherever necessary to conform to the plats herewith submitted.

Respectfully,

WILLIAM O'REGAN,  
FERDINAND AMOS,  
JAMES HARTNESS, JR.,

Accepted and the following was offered:  
By Ald. O'Regan.

#### ORDINANCES.

To the Honorable the Common Council.

Gentlemen—Your Committee on Ordinances, to whom was referred the petition of Frank E. Snow and others for permission to equip and operate an electric railway, find after careful consideration of the subject that the proposed route traverses a portion of the city at present unprovided with street railway facilities. We believe also that it affords an opportunity to serve the general interests of the city by building up a large local manufacturing interest. Believing that the granting of the petition will further a necessary public improvement, we herewith submit an ordinance as requested by the petitioners.  
(Signed.)

M. W. MCGUIRE,  
ERNEST L. RESCHKE,

The following is the ordinance:

AN ORDINANCE to permit certain persons to establish and locate a street railway in and along the following streets.

SEC. 16. Cars going in the same direction shall not approach each other within a distance of 50 feet, except in cases of accident or at stations for the purpose of connecting two cars together.

The foregoing special tax and undertaking as to paving shall be in lieu of license, but shall not alter the obligations of said company to pay general and municipal taxes on all its property.

Sec. 20. **AN ORDINANCE** granting to James M. Clark of the city of Detroit, Michigan, his successors and assigners, the right to lay mains and pipes and their connections and appurtenances in the streets, avenues, alleys and public places of said city for the purpose of supplying and selling gas.

It is hereby ordained by the people of the city of Detroit:

SECTION 1. That consent, permission and authority are hereby given, granted and duly vested in James M. Clark and his associates, their successors and assigns, organized into a corporation under the laws of the state of Michigan, to lay, maintain, operate and use gas pipes, mains, service pipes and appurtenances in the streets, alleys and highways in the city of Detroit for the purpose of supplying and selling gas in said city upon the terms and conditions mentioned in the following sections.

SEC. 2. The said corporation shall do no injury to any street, avenue, alley, lane, park or public square, nor to any shade trees, nor in any manner disturb or interfere with any water or gas pipes, nor with any public or private sewer, now or hereafter laid or constructed by any authorized person or corporation, and shall fully indemnify and save harmless the city of Detroit from any and all claims or damages for which said city might be made or become liable to pay by reason of the construction, making or operating of said pipes, mains, conductors, or service pipes, or the giving or allowing of the license right and privileges hereby granted.

SEC. 3. The main pipes of said corporation shall be laid in alleys, streets and avenues, and when in streets and avenues shall be laid in a line parallel with the curb line thereof, and between the curb-stone and the line of the lots abutting the street when the Board of Public Works shall determine such location to be practicable, and in all cases within three feet of the curb-stone, or where the curb-stone should be, and to a depth not exceeding five feet. Said pipes shall be laid in alleys wherever practicable and when ordered by the Board of Public Works. It is especially required that all service pipes used by said corporation shall be connected only with a main laid in the alley or at the side of the street nearest to the building or premises into which it is desired to conduct such service pipes. All pipes intended for use shall be first tested to the satisfaction of the Board of Public Works, and said Company shall provide a system of escape pipes and gauges showing the amount of pressure on all pipes, to be approved by the City Engineer and Board of Public Works.

SEC. 4. At least twenty-four hours before opening any street, alley or other public space, the said corporation shall notify the Board of Public Works, in writing, of such intentions, stating the place where and the objects for which such opening is to be made, and in the opening and refilling of all openings made as aforesaid, the relaying of pavements, and all other work necessary to the complete restoration of the streets, pavements, sidewalks or ground to an equally good condition as when disturbed, the said company, or its servants or employees, shall be under the supervision of the Board of Public Works or its authorized agent.

And when it shall open ground in said city to lay any gas pipes, or for any other purpose whatever, it shall open no more space at any one time, nor at any one place, nor keep the same open any longer than is necessary to execute the work for which the same shall have been opened.

And the Board of Public Works may determine the question of such necessity. Said corporation shall at all times disclose the necessary danger signal around all excavations, and keep sufficient space in good condition for travel for wagons and teams on at least one side of all excavations; and shall,

as soon as practicable, restore all openings to a condition equally as good as before, and keep the same in such repair and condition to the satisfaction of the Board of Public Works for the period of one year from the time when such refilling or paving is made as aforesaid, and shall promptly comply with any order or regulation of said board or its agent, or of the Common Council in reference thereto.

And it is specially provided that in all cases where work requires the exercise of skill, as in the laying or relaying of pavements or sidewalks, the corporation shall employ none but skilled workmen, familiar with the execution of such work. It shall be optional with the city authorities to restore the earth and relay the pavements in streets and other public places when so taken up by said corporation at the expense of such corporation, but the expense of such work shall not exceed the actual cost thereof.

SEC. 5. The expense of the city, or of the Board of Public Works, in the employment of an agent to carry out the provisions of the preceding sections shall be a proper charge against said corporation, and such expense shall be paid by said corporation on a voucher or bill duly certified by said board.

SEC. 6. Said corporation shall at all times be subject to the city ordinances now in existence or which may hereafter be passed, and shall not make any opening or excavation in any street or avenue in said city of a greater width than three and one-half feet, without special permission of the Common Council.

SEC. 7. Said corporation shall not permit the pressure of the gas within the limits of the city of Detroit to be so great as to endanger the bursting of the pipes.

SEC. 8. Said corporation shall not consolidate with any other gas company, nor shall it agree with any other gas company as to prices charged or to be charged for gas, and the price for such gas shall at no time be more than 35 cents for every 1000 feet of gas supplied and used for fuel purposes, and from this price consumers shall be entitled to a discount of 10 per cent if paid for within 10 days from the first day of each and every month.

SEC. 9. This ordinance shall take effect when the said corporation shall have filed with the City Clerk a written acceptance of the same, and shall execute a good and sufficient bond to the City of Detroit in the penal sum of \$100,000, to be approved by the Common Council, conditioned for the faithful performance of the terms and conditions of this ordinance, and to fully indemnify and save harmless the City of Detroit from any and all claims and damages from which said City may be made or become liable to pay, by reason of the giving and granting of the authority and privileges hereby granted, and by reason of any excavations, laying of pipes, or explosions which may occur in any of the pipes or mains of said corporation, and shall deposit with the Board of Public Works the sum of one thousand dollars to secure the City of Detroit against loss and expense arising from the neglect of said company to comply with the terms of this ordinance relative to keeping the paving of the streets disturbed by them in proper condition for the period of one year after disturbing the same same, provided that such acceptance shall be so filed within 60 days after the passage of this ordinance.

SEC. 10. Said corporation agrees to have its pipes and equipments ready for use and in operation on or before January 1, 1890. Should it fail to furnish to the city, or to the inhabitants thereof a supply of the gas above intended by such time, the privileges herein granted may be, by a resolution of the Common Council, declared forfeited and all rights hereby acquired shall then determine and cease.

SEC. 11. The said corporation shall lay its pipes for supplying gas in such streets and alleys as the Common Council may direct by resolution duly passed, and shall at its own expense lay and maintain all service pipes up to the line of the lot or premises of the person to be supplied; that this ordinance shall not take effect until pipes have been laid to within 25 miles of the city of Detroit from the gas wells in Ohio.

SEC. 12. The privileges hereby granted shall continue for a period of 50 years from the approval of this ordinance.

Approved December 11, 1888.

# COMMUNICATIONS FROM CITY OFFICERS.

## FROM THE CITY CONTROLLER.

To the Honorable the Common Council.

I have the honor to inform your honorable body that Bishop Foley has executed and delivered to the city a deed of the southwest corner of Clinton Park, as requested, to complete the site for the new Police Court. A recent survey of the premises, however, shows a shortage of six feet on the north side of Clinton avenue, which must in some way be acquired to accommodate the projected new court house as at present planned. Until this is done the contract for its construction should not be confirmed.

Very respectfully,

WM. B. MORAN,  
Controller.

Accepted and the following resolution was offered:

By Ald. Guiney.

Resolved, that the Controller be and he is hereby directed to place on record a quit claim deed executed by Bishop Foley to the City of Detroit of a portion of Clinton Park to be used for the purpose of erecting a Police Court building.

Adopted as follows:

Yeas—Ald. Amos, Bleser, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Hollman, Jacob, Karrer, Kellogg, Lilly, Lander, McGuire, McIntyre, Martz, Meier, O'Regan, Peterkin, Pfeifer, Reichenbach, Reschke, Reves, Smith, Tierney, Trombly, Uthes and the President—30.

Ald. Jacob moved that the report submitted be accepted and that the City Controller be instructed to take the necessary steps in order to procure the missing six feet of land.

Accepted and adopted as follows:

Yeas—Ald. Amos, Bleser, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Hollman, Jacob, Karrer, Kellogg, Lilly, Lander, McGuire, McIntyre, Martz, Meier, O'Regan, Peterkin, Pfeifer, Reichenbach, Reschke, Reves, Smith, Tierney, Trombly, Uthes, and the President—30.

## FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—I respectfully ask authority to prepare for use in this office two sample books of printing and stationery, blanks, etc. The prices of stationery and printing have materially changed since the books now in use were compiled, and in many other respects they are not up to the present requirements of the city. I also ask permission to employ two competent men in the printing and stationery business to affix prices to the various blanks, etc., when the books are prepared.

Very respectfully,

WILLIAM B. MORAN,  
Controller.

Accepted and by unanimous consent the following was offered:

By Ald. Trombly.

Resolved, That the City Controller be and is hereby instructed to prepare two sample books of printing and stationery blanks; and further, that when said books are prepared he is hereby authorized to employ two competent men to affix prices to said blanks.

Objected to and laid on the table under the rules.

## FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—I beg to call your attention to the fact that the City Register of outstanding bonds No. 5, commenced in 1864, and containing a record of all municipal bonds issued since that year is filled. I therefore ask permission to prepare a new register, No. 6, and transfer to it a complete record and history

of all bonds unpaid and outstanding at the present time.

Very respectfully,

WM. B. MORAN,  
Controller.

Accepted, and unanimous consent being granted, the following was offered:  
By Ald. Trombly.

Resolved, That the City Controller be and he is hereby authorized to prepare a new register of outstanding city bonds and transfer to it from the old register a complete record and history of all bonds unpaid and outstanding at the present time.

DETROIT, Dec. 27, 1888.

To the Honorable the Common Council.

Gentlemen—Your special committee to whom was referred the matter of exempt property, beg leave to say that they have given the subject matter referred to them careful consideration.

It appears by the report from the Board of Assessors that out of a total valuation of \$185,000,000 within the City of Detroit, about thirty-five million dollars, or nearly 20 per cent, exclusive of municipal, state and federal property, is exempted under existing laws from the payment of taxation. The municipal tax on this exempt property for the present year at the same rate as paid by other property would amount to nearly five hundred thousand dollars.

In other words, property which is not exempt is burdened with about twenty-five per cent additional tax in order to relieve other property from any taxation.

All this exempted property has all the benefits of fire and police protection, of lighting, water privileges and sewerage, without any return therefor; it pays nothing for the maintenance of schools or for the support of the poor.

We pay annually about \$280,000 to maintain the police department, yet special police supervision is granted to railroad companies, who pay nothing for the support of the department.

We pay annually about \$300,000 to maintain the fire department, to protect all property, yet 20 per cent of that property is exempted from taxation for the support of the department.

We spend annually \$400,000 for educational purposes in the discharge of a public and common duty, yet the owners of 20 per cent of the common property is exempted from any contribution for that purpose.

Millions of dollars have been expended in this city for a water supply, yet this property pays nothing except water rates, which are imposed in addition to other taxation.

We pay annually \$125,000 for lighting the city and from \$85,000 to \$100,000 for public sewers, the benefits of which are enjoyed by this exempt property in common with other property, beside nearly \$750,000 annually for other purposes of common benefit.

This list only includes taxation for city purposes. In addition, we pay hundreds of thousands of dollars annually as county taxes, for the maintenance of courts, sheriffs, constables and like purposes, no part of which is contributed by this exempted property. This exempted property is growing on our hands and the burdens of taxation are being more difficult to bear. The theory of taxation is that the benefits derived from government and its incidents, the doing of those things which are for the public benefit, are common to all, yet twenty per cent of the property participating in the common privileges and benefits is exempted by law from the burdens of taxation made necessary by the necessities of the government.

This exempted property may be divided into two classes:

First. That which is exempted from the payment of general taxes by reason of the payment of a specific tax to the state; and

Second. That which is exempted from the payment of any taxes from motives of public policy.

The second class embraces houses of worship, hospitals, schools, etc.

The first class includes railroad companies, union depot companies, telegraph companies, etc., which own nearly \$28,400,000 worth of the exempted property in the city.

Under these laws it is claimed that elevators, car shops, eating houses, etc., are necessary incidents to the operation of the railroads, and consequently are alike exempt.

The method of specific taxation might be applied to the rolling stock of a railroad, but should not be applied to permanent property, like depot grounds, elevators, car shops and machinery. They have a fixed and ascertainable value, and that system of taxation is not uniform which provides for a different method of taxation than that which is pursued as to other property in like situation.

Again, the specific tax paid to the state is out of all proportion to the amount and value of the property owned and controlled.

There is no reason why these companies should be exempted from any of the common public burdens.

The Illinois Central Railway Company pays to the state of Illinois \$350,000 annually. The railroad companies alone operating in the city of Chicago pay one-third of the entire municipal taxes of that city, and in addition they construct and keep in repair all bridges over their tracks and pay the expense of lighting the same. It is not strange that in that city public improvements are carried on upon such a scale.

The inability to reach by taxation this vast block of valuable property in our city has materially interfered with the growth and development of our city. The taxed feel the present burdens and are reluctant to take upon themselves additional ones.

Without reference to whether or not property embraced within the second class above named should be exempt, and there is a difference of opinion in your committee upon this, we are unanimously of the opinion that the property included in the second class should not be exempted from municipal taxation, and the law should be so modified as to permit it to be placed on the rolls.

We therefore recommend that a Special Committee be appointed to have prepared and submitted to the Legislature, at its approaching session, such bills as are necessary to repeal the present laws exempting railroad, union depot, telegraph and telephone companies from taxation, and that such committee be empowered to procure such bills to be prepared, and be further authorized to attend upon the Legislature and urge the passage of such bills.

Respectfully submitted,

FERDINAND AMOS,

C. K. TROMBLY,

FRANK N. REVES.

Accepted and the following was offered:  
By Ald. Amos.

Whereas, It is the opinion of the Common Council of the city of Detroit that railroad, Union depot, telegraph and telephone companies should bear their fair proportion of all taxation; and

#### MINORITY REPORT.

To the Honorable the Common Council.

Gentlemen—The undersigned, members of the Committee on Streets and Ordinances, to whom was referred the several petitions and communications with reference to street railway franchises, would respectfully report, that in the judgment of the undersigned, the subject matter reported by the other members of the committee, has not received that full and careful consideration which the subject demands.

While the agitations and competing propositions have enforced from the present companies a few concessions in behalf of the public, we feel that further concessions must be made to insure suitable facilities, cheap fares and an adequate return for the great privileges now enjoyed by the street car companies of this city.

The time has arrived when the following specific concessions should be granted by the present and all future street railways in this city:

1. The laboring people should be entitled to three-cent fares going to and from their labor during at least two hours in the morning and evening.

2. The privilege of a transfer ticket from one line to another should be granted, so as to enable passengers to reach any portion of the city, over any line or lines, for one fare.

3. It has been demonstrated in other cities, in streets much narrower than Wood-

ward avenue, that one double track is sufficient to accommodate all of the street car traffic of this city, and we think that there should be only one double track down Woodward avenue or on any other street.

4. The growth of our city and the employment of telephone girls and other employees during the night, necessitates the running of at least one car every hour all night long.

5. All companies should be compelled to pay its general and city taxes, as well as 1 per cent of its gross receipts, as required by the present ordinances.

6. In the judgment of your committee the remaining streets running east from the City Hall should not all be given up to railway traffic, as in the judgment of your committee all such privileges may be confined to at least one other street and the joint use thereof granted so as to accommodate the entire public, and thereby save such beautiful residence streets as Congress and Champlain for driving purposes.

In view of the foregoing reasons and reasonable demands, which in the judgment of the undersigned should be secured before any new or further privileges are granted to the present or new companies, your committee respectfully protest against the adoption of the report and ordinance submitted by the other members of the committee, and respectfully recommend that the entire subject be referred to proper committees, who shall take ample time to fully consider the subject.

Respectfully,

J. HAYES,

M. W. MCGUIRE,

FRANK J. BLESER.

Laid on the table and ordered printed in the proceedings.

Leave being granted the following resolution was offered:  
By Ald. McGuire.

Ald. Hayes moved the whole matter be laid on the table and printed in the proceedings.

Lost.

To the Honorable the Common Council.

Gentlemen—Your Committee on Claims and Accounts, to whom was referred the petition of Louis B. Littlefield, sheriff of Wayne county, to be allowed certain fees for the official care of drunks and disorderlies, amounting to \$487.48 respectfully report, that it was shown that the supreme court has decided that the county is not liable for these fees; but while it did not say that the city was liable for the same (as that question was not before them) still your committee are of the opinion, that as the services rendered were for the benefit of the Police Department, which is a branch of the city's government, and were rendered in good faith, the Sheriff is justly entitled to receive compensation therefor; and as he agreed to compromise the amount of his claim and to wait until the money shall be collected in the taxes of the fiscal year 1889, we recommend that his claim be allowed in the sum of \$4000 and herewith present the proper resolutions. We are also of the opinion that a contract should be made with the Sheriff for the care of this class of prisoners, on a reasonable basis, until the completion of the new Police Court building.

Respectfully submitted.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of the Black Hardware Company to be refunded a tax on a mortgage assessed against one Joseph Black, and which, through a mistake, was put in their list of taxes, and which they inadvertently paid, respectfully report that, from the evidence submitted to your committee, it appears to be a case of mistaken identity, for the Joseph Black who owns the mortgage is not the Joseph Black who was formerly a member of the firm. It being clearly an error we recommend that the prayer be granted.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and on leave the following was offered:

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes to whom was referred the petition of the Lamson Consolidated Store Service Co. for the refunding of a tax on personal property assessed against "The Rapid Service Store Railway Co." on the ground that there is no such corporation as the latter in existence, the Lamson company having purchased the entire stock of the Rapid company and removed the same to the home office in Boston, Mass., respectfully report that the facts set forth were sworn to by Mr. E. R. Clarke, the manager of the Detroit division of the Lamson company. We are satisfied that it is simply justice to refund the amount paid and that if Mr. Clarke had not paid it the same could not have been collected. We there-

fore recommend that the prayer of the petitioner be granted.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and on leave the following was offered:

By Ald. Finney.

Resolved, That the Controller be and he is hereby directed to draw his warrant on the proper fund in favor of Mr. E. R. Clarke, manager, for \$228.04 upon presentation and delivery of the receipt showing the payment of the taxes on an assessment of personal property against "The Rapid Service Store Railway Company" of \$16,580 for the year 1888.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of M. H. Chamberlain, to be refunded a tax on a mortgage of \$480 from Gratiot county, on the ground that said mortgage was paid before the assessment rolls for 1888 were confirmed, respectfully report that said assessment was acknowledged to be correct when it was assessed, and therefore it cannot be pronounced erroneous; and further, the petitioner is entitled to pay taxes on the money he received in payment of the mortgage, even if he did not hold the mortgage itself when the rolls were confirmed. We therefore recommend that his prayer be denied.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Henry Krenckow, to be refunded a tax on a mortgage which he claimed was erroneous, respectfully report that it appears that said mortgage was in force when the assessment was levied, and that it was discharged April 18, 1888, which was after the Board of Review had closed. It was his duty to have appealed to the committee appointed by the Common Council to hear complaints in relation to assessments. This he neglected to do, and had he done so the money received in payment of said mortgage was entitled to be assessed for taxation the same as the mortgage. We recommend that his prayer be denied.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and adopted.

#### FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—Your Committee on Taxes, to whom was referred the petition of Henry Rehse for relief from a personal tax, respectfully report the same back to your honorable body with the recommendation that it be referred to the Committee on Taxes of the new board, as it is the only petition remaining in our hands.

Respectfully submitted,

SEYMOUR FINNEY,  
GEO. F. REICHENBACH,  
JAMES TIERNEY.

Accepted and recommendation concurred in.

**FROM THE SAME.**

To the Honorable the Common Council.

Gentlemen—Your Committee on Street Openings, to whom was referred the communication of the City Attorney relative to the acceptance of a deed of certain streets on the Stanton farm, respectfully report that they have examined the same and find that the deed dedicates to the public Hudson avenue, Stanley and Antoinette streets; that with the acceptance of this deed said streets will be opened from Wabash avenue to Grand River avenue. **CHARTER AND LEGISLATION.**

To the Honorable the Common Council.

Gentlemen—Your Committees upon Charter and City Legislation would most respectfully report that they have given the subject of a revised charter for the City of Detroit mature consideration, and are of the opinion that a thorough revision should be made. The City Counselor has prepared and completed titles one and two of such revised charter, and submitted the same to your committee.

Title one embraces six chapters as follows:

Chapter 1. Incorporation and ward boundaries.

Chapter 2. Election and registration.

Chapter 3. Common Council, how constituted and procedure.

Chapter 4. Powers of Common Council.

Chapter 5. Officers.

Chapter 6. Officers, their rights, powers and duties.

Title two includes six chapters, as follows:

Chapter 1. Funds and finances.

Chapter 2. Taxation.

Chapter 3. Assessment and collection of taxes.

Chapter 4. Special assessments.

Chapter 5. Bonds.

Chapter 6. Paving bonds.

The chapter on special assessments is not yet completed.

Your committee has as carefully as the limited time at their disposal would admit of, examined said chapters and approve the same.

It has not been the intention of your committee to change the framework of the city government, to abolish old boards or create new, but simply to provide additional powers where such additional powers were necessary, to supply the necessary machinery for the operation of the city government, and to cure such defects as exist in the present charter.

Chapter 1 of Title 1 is the same as in the old Charter, omitting several sections that bear no present application.

Chapter 2, on elections and registrations, adds provision for filling vacancies in the Board of Registration, determines what shall constitute the residence of an elector and makes provision for a Board of Canvassers for the city elections.

Chapter 3, on the Common Council, how constituted, procedure, etc., adds a proviso that the newly-elected Aldermen shall not be deemed to have entered into their offices until the new Council is called to order; that in case the City Clerk shall refuse or neglect to call the new Council to order the Mayor may do so. It also provides that the retiring Council may hold a regular meeting on the second Tuesday in January prior to the organization of the new Council for the disposition of unfinished business.

Chapter 4, in relation to the powers of the Common Council, undertakes to embrace all the powers conferred by the old charter, and in addition it gives power to collect cost of paving within the right of way of railroad companies from such companies; to erect bridges over railway tracks; it provides that the Mayor may decline to reissue or grant a license to a person whose license has been revoked; it empowers the Council to prevent the keeping or selling of diseased cattle, etc., within the city; to compel railroad companies to drain their rights of way, to raise or lower tracks at street crossings, to conform to grade, to construct bridges, to keep flagmen or watchmen at crossings; to condemn franchises; to sue for the expense of doing any act which the law requires any person or company to do, and also to recover special assessments.

Chapter 5 relating to officers, reduces the number of members of all boards of four to three; provides for a Deputy Receiver of Taxes, and that the various deputies shall be appointed by their superiors, and that they shall give bonds to such superiors.

Chapter 6 raises the annual salary of the Mayor to \$5,000.

Chapter 1 of Title 2 creates 22 separate funds, including a fund for each Board as in the judgment of your committee all city moneys should be paid into and out of a common treasury.

Chapter 2, on taxation, increases the amount which may be raised for the sewer fund to \$200,000; provides that all estimates shall be presented to the Council Feb. 1; that the action of both Common Council and Board of Estimates shall show in detail what has been done with each item of the estimates.

Chapter 3, on Assessment and Collection of Taxes, provides a system for the city complete in itself, based upon the provisions of the general law of the state.

Chapter 5 embraces all provisions relating to the issue of bonds, except street paving bonds. It provides that the Council may, with the approval of the Board of Estimates, borrow money and issue bonds to provide for various funds, and limits the gross debt of the city; that the Council may in any emer-

agency arising at any time during any fiscal year, with the approval of the Board of Estimates, at a special meeting thereof, issue bonds for an amount not exceeding \$10,000 in any one year.

Chapter 6 embraces the provisions of the existing law relating to paving bonds.

Your committee has not been able to give to these matters the attention which their importance demands, but nevertheless, recommend the approval of these chapters.

Other chapters are completed and are awaiting action by this committee, but for want of time to consider them we recommend that the whole matter of the revision of the charter be referred to the incoming council.

Respectfully submitted,

JAMES B. LAUDER,  
D. C. KELLOGG,  
JAMES HOLIHAN,  
JACOB F. MEIER.

JOHN PRIDGEEON, JR.,

Mayor.

The communication was accepted and the resignation was accepted as follows:

Yeas—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Holihan, Jacob, Karrer, Kellogg, Lally, Lauder, McGuire, McIntyre, Martz, Meier, O'Regan, Peterkin, Pfeiffer, Reichenbach, Reschke, Reves, Tierney, Trombly, Uthes, and the President—29.

FROM THE SAME.

To the Honorable the Common Council.

Gentlemen—I hereby nominate August Goubel for the position of member of the Board of Water Commissioners to fill the vacancy caused by the resignation of Marshall H. Godfrey, and respectfully recommend his appointment by your honorable body.

JOHN PRIDGEEON, JR.,

Mayor.

The communication was received and the nomination confirmed as follows:

Nays—None.

FROM THE CONTROLLER.

To the Honorable the Common Council.

Gentlemen—In accordance with the resolution adopted at the last meeting of your honorable body, relative to the six feet needed for the new Police Court site, on Clinton street, I beg to report that the lady who owns lot 6, and who claims and is in possession of the disputed six feet, positively refuses to sell any portion of her said lot. 6. She is willing, however, to sell the entire lot, and fixes the price at (\$4000) four thousand dollars. On careful examination of the plans of the new Police Court building, I find it is absolutely necessary to change the same in order to place the building upon the property already acquired by the city for that purpose. Any change of the plans under the charter would require readvertising and necessitate considerable delay. Therefore, in view of these facts, I would respectfully recommend that the title of lot 6 be acquired by the city and Bishop Foley be requested to execute a new deed to the city, granting seventy-five feet instead of fifty on the east side of Havor street with lines running easterly, so as to harmonize with the lines of lots 6, 7 and 8, thereby giving

an enlarged and commodious site for the new Police Court building. This will enable the contractors to place the new edifice considerable distance away from the lines of both streets, which is always a desirable thing in a public building and for court purposes it will also have the effect of exhibiting the architectural points of the contemplated edifice upon which the city purposed to expend such a large sum of money, to wit, forty-six thousand dollars.

Very respectfully,

WM. B. MORAN,  
Controller.

Accepted and the following resolution was offered:

By Ald. Guiney.

Resolved, That the Controller be and he is hereby authorized and directed to purchase the lot adjoining the new Police Court building, provided he can do so for a reasonable amount.

Ald. Finney moved to amend by striking out the words "be directed to purchase."

Carried.

The resolution as amended was then adopted as follows:

Yeas—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Holihan, Jacob, Karrer, Kellogg, Lally, Lauder, McGuire, McIntyre, Martz, Meier, O'Regan, Peterkin, Pfeiffer, Reichenbach, Reschke, Reves, Smith, Tierney, Trombly, Uthes and the President—31.

Nays—None.

#### FROM THE RETIRING PRESIDENT.

Gentlemen of the Common Council—The time having arrived which severs our official relations it is proper that I should return you my most heartfelt thanks for your kind forbearance and courteous co-operation on all occasions of doubt or perplexity. It affords me, gentlemen, great pleasure to acknowledge on your part the faithful discharge of the responsible duties devolving on you as a legislative body in providing for the wants and protecting the interests of your constituents.

Much of the prosperity of our prosperous and flourishing city is caused by judicious legislation, and if there is aught in the city government to mar the happiness or prosperity of our people it is not the want of laws or ordinances to suppress or punish. It can only result from a laxity on the part of officials whose duty it is to enforce them.

For the kind approval of the discharge by me of the duties of your presiding officer for the past year, which you have been pleased to express by the resolutions passed by you at our last session, I return my most heartfelt thanks. It is only just to you to say that whatever success I may have attained as your presiding officer is due to your cordial support and kind forbearance.

I cannot take leave of this body without expressing my obligations to the city clerk, Mr. A. G. Kronberg, and his genial deputy, Mr. James H. Kelly, for the efficient manner in which they have performed their arduous and perplexing duties, and I must congratulate my successor in having their experience and ability.

I desire again, gentlemen, to express my

obligations to you, one and all, for your kind forbearance and generous support.

It now only remains for me, gentlemen, to declare this Council adjourned sine die.

Adopted as follows:

**Yeas**—Ald. Amos, Bleser, Burt, Fairbairn, Finney, Gilmore, Griggs, Guiney, Hartness, Hayes, Hollman, Jacob, Karrer, Kellogg, Lally, Lauder, McGuire, McIntyre, Martz, Meter, O'Regan, Peterkin, Pfeifer, Reichenbach, Reschke, Reves, Smith, Tierney, Trombly, Uthes and the President—31.

**Nays**—None.
